CONCERT AND ASSEMBLY ROOMS,

OPPOSITE THE CITY HALL,

COURT STREET, IN THE CITY OF BROOKLYN.

D. H. HAINES, Lessee of the above spacious and magnificent rooms, (the largest and most elegantly finished in the State of New York) respectfully begs to apprise the public that he is prepared to make arrangements with Managers of Balls, Concerts, Lectures, &c., for the use of his establishment, on reasonable terms. From the unique and admirable manner in which the rooms are fitted up—their central and eligible location—their ease of access, and the appliances and conveniences with which they are furnished, the proprietor hesitates not to assert without fear of contradiction, that there is no edifice extant, in any portion of the United States, that is more desirable than this, for the purposes mentioned.

The BALL, SUPPER, AND ANTE-ROOMS are now brillantly illuminated with gas, and present a more brillaint appearance than ever.

Military, Civic and Fire Companies, Masonic and Odd Fellows Associations, Clubs and Parties and Organizations of every description, will here find all the accommodations they may require, including facilities for Supper, Dinner, or incidental Refreshments.

☞ The Restaurant, is constantly supplied with the choicest Delicacies the market affords.

THE
BROOKLYN STREET DIRECTORY,
OR,
GUIDE FOR 1853 & 1854.

(*Corrected May 1st*, 1853.)

Showing the commencement, position, and termination of each street, with the junctions and crossings of the intersecting streets, also the number of the house at the corner of each of the streets.

Where there is no house on the corner, or where the corner house fronts on the crossing street, the number of the house nearest the corner is given. It must be observed that in a considerable portion of the streets, the houses are entirely unnumbered In these streets the Alphabetical Directory directs you to which of the crossing streets the house you are looking for is nearest situated.

For the information of strangers it many be necessary to add, that the odd numbers are invariably on the left hand from the commencement of each street.

Buildings, Merchandize, Machinery, and Property generally Insured at Current Rates.

This Company has been uninterruptedly in business during the last 22 years, and has passed through the great New York fires of 1835 and 1845, and also the great Brooklyn fire of 1848. They owe their escape from them with comparatively slight losses to the system which they always practice, of limiting and scattering their risks.

All losses which the Company may sustain will be adjusted and paid with their accustomed promptitude.
